PROFILE

Full stack devops with over 10 years of experience. I've been working for more than eight years with web development and six focused on back end. Always in a great mood, I communicate clearly and didactically. I am self-taught and curious. I believe in transparency, inspection and adaptation. I am very analytical and can be very persuasive. I always try to be organized, especially with my time.

EMPLOYMENT HISTORY

Bionexo   *Senior Developer + Chapter Leader*
FEV 2019 - JAN 2020
